Hai Pham, Democratic Candidate for House District 36

False Statement on Election Forms

**Date violation occurred**

Ongoing

**Details about the allegation**

There are two issues involved in this complaint.

1) There is evidence to suggest that Hai Pham does not currently live inside House District 36. His social media posts and photos on his campaign website seems to indicate that he lives in a house outside of the district, while claiming residency on official election forms that he lives with his parents at a house his parents own inside District 36.

2) Even if it is true that he does live with his parents, (while his wife and newborn child live in a home outside of the district, as shown on her voter registration) he would need to prove that he has lived there for at least a year as prescribed by the Oregon Constitution. Voter registration records seem to indicate he updated his registration January 26, 2022. If that is the date he moved back in with his parents, that would not be long enough to establish one year residency within the district as required by the Oregon Constitution.

Evidence and details are attached.
